SELF-SETUP HAVEN
CLIENT INFORMATION SHEET

About You Matter

Founded in 2019, You Matter supports women, children and dependents who have experienced, or are at risk of, family violence or housing insecurity.
By providing furniture and essential household items, we can help create homes that are safe, functional and comfortable - places we call ***'Havens'***.

A Haven is more than furniture, it's a place where you and your children can feel safe, comfortable and ready to begin again.

How a Self-Setup Haven referral works

Your support worker will talk with you about what you need in your new home. Together, you will discuss your preferences, your circumstances, and any items you may already have.

Your support worker will then send a *Referral and Item Request Form* to You Matter on your behalf.

Please note:

- We can only accept referrals from community service agencies.

Your support worker will stay involved and support you throughout the process and will be our point of contact.

CLIENT INFORMATION SHEET

What we can provide

We provide the essential items needed to make your house feel like a home, including:

- Bedroom, lounge and dining furniture.
- Fridge and other white goods.
- Bedding and linen.
- Kitchen and pantry items and basic cooking equipment.
- Bathroom and laundry essentials.

We also include personal touches and home décor items to help create a space that feels welcoming and reflects your preferences, needs and circumstances. Our goal is to help you set up your home so that it feels safe, comfortable and empowering for you and any children.

If you already have some items, please let your support worker know so we can plan your Haven carefully. We will pack the items and clearly mark them on the box or bag. The removalists will offload the boxes and bags and place them in the corresponding room ready for you to unpack. The removalists will assemble any beds and connect any large whitegoods that are part of the delivery.
